December 16, 2009

Dear District 26 Parents:

This letter is being sent to inform you of the school boundary changes that will be occurring for the 2010-2011 school year due to the closing of Maplewood School. Over the last five years the district's enrollment has steadily declined by about 400 students. This drop in student enrollment has opened up enough classroom space in the district to allow us to consolidate students in the remaining buildings in an effort to use our available space more efficiently and save on operating expenses.

At the November 16<sup>th</sup>, 2009 Board of Education meeting, the Board voted to approve the administration's recommendation to close Maplewood School for the 2010-2011 school year. Closing any school is an agonizing and emotional process for all who are involved, yet necessary in the district's effort to right our financial shortfall. The closing of Maplewood School and the redistribution of its students causes changes in the boundaries of each of the remaining three K-4 schools as well.

The attached list identifies the subdivisions and streets of students that will be making a change to a different school for the 2010-2011 school year. If your street or subdivision is not listed, your child will continue to attend the school they are currently attending. We ask that parents review the list to determine what school their child will be attending this next year. If you have any questions regarding the changes in the attendance boundaries, we ask that you contact your current school's principal for further clarification.

Although we face some difficult challenges this year, my hope is that our school district will continue to grow and excel academically as we continue to focus on teaching and learning. The District 26 Community, and our endeavor to continue a strong academic tradition, has proven to be resilient even during the most difficult times. Because of this commitment to education, I have the utmost confidence that this strong academic tradition will continue as we face these challenges together.

Sincerely,

Brian Coleman  
Superintendent of Schools

16 de diciembre, 2009

Estimados Padres de los estudiantes del Distrito 26:

Le estamos enviando esta carta para proveerle información sobre los cambios de las demarcaciones fronterizas escolares cuales van ocurrir en el año escolar 2010-2011, debido al cierre de la Escuela Maplewood. Durante los últimos cinco años, la matrícula del distrito ha disminuido alrededor de 400 estudiantes. Esta baja de estudiantes matriculados en el distrito, ha abierto suficiente espacio en las aulas, cual nos permite consolidar los estudiantes en los restantes edificios escolares en un esfuerzo de utilizar el espacio disponible eficientemente y ahorrar en gastos de funcionamiento.

En la reunión de la Junta Directiva Escolar del 16 de noviembre 2009, el Consejo aprobó la propuesta administrativa de cerrar la Escuela Maplewood para el año escolar 2010-2011. El cierre de una escuela es un proceso angustiante y emocional para todos los que están involucrados, sin embargo, es necesario para ofrecer escuelas robustas y nivelar el presupuesto. El cierre de la Escuela Maplewood y la redistribución de estudiantes (K-4) a las tres escuelas restantes va a causar cambios en las fronteras escolares.

Adjunto a esta carta encontrara una lista cual identifica las subdivisiones y las calles de los estudiantes que van a tener un cambio de escuela diferente para el año escolar 2010-2011. Si su calle o subdivisión no aparece, su hijo seguirá a asistiendo la escuela a la que asiste actualmente. Pedimos que los padres revisen la lista para determinar qué escuela su hijo va a asistir el próximo año escolar. Si usted tiene alguna pregunta sobre los cambios de fronteras escolares, le pedimos que se ponga en contacto con el principal de su escuela actual para clarificación.

A pesar que estamos enfrentando retos difíciles este año, mi esperanza es que nuestro distrito escolar siga creciendo y sobresaliendo académicamente a medida de nuestra dedicación a la enseñanza y el aprendizaje. La Comunidad del Distrito 26 y nuestro esfuerzo para continuar una sólida tradición académica, ha demostrado ser resiliente, incluso durante los momentos difíciles. Debido a nuestro compromiso a la educación, tengo la absoluta confianza de que esta fuerte tradición académica continuará al enfrentarnos a estos retos juntos.

Sinceramente

Brian Coleman  
Superintendent of Schools
