

PRESCHOOL DEVELOPMENTAL SCREENING

Preschool Screenings are being offered for 3 and 4 year olds to determine if they are experiencing developmental delays which could impact their educational progress later on. Research has shown the value of early intervention services in order to receive a positive education experience. The Cary Elementary School District offers screenings and programs to serve these students. Each year a registration and screening program is carried out to identify the youngsters in our community who might be in need of these services. If you have a child who is three or four years old and would like to have him/her participate in a screening to determine if any educational needs are present, please call

District 26 Special Services
847-639-7788 x 7
2115 Crystal Lake Road
Cary, IL 60013

Please pass this information along to others in the community who may not receive this newsletter but would like to take advantage of this service.

If you have any questions regarding Cary Elementary School programs or the screening process for three, four, and five-year olds, please call 847-639-7788 x 103.
